

FRANCK BONVILLE

CHAMPAGNE

« A score of two terroirs, the harmony of two grapes and the echo of their unique energies. »

It is the exception that proves the rule: the only cuvée of all our range where our Chardonnays meet another grape variety.

We have selected Pinot Noirs from the Montagne de Reims on Ambonnay's terroir for the elegance and the finesse of these red coteaux.

We make the Chardonnay keynote vibrate with this touch of Pinot Noir. This delicate alliance reveals a unique aromatic palette.

The very fruity scents of wild strawberries bring volume to the tasting. Then, the Chardonnay sets progressively the tone with pastry shades that we know well at the House Bonville.
